Principal's Note

Prof. Sanjay Kumar Sinha
Principal

You need hot weather to make the corn grow . Latest PC Vibes is here to update you with the important milestones that the college achieved in this sweltering hot month of May. Participation of faculty members in seminars , workshops and publications is indicative of their intellectual competence. Deliberations on Ecology and Voter Awareness particularly, provided a platform of holistic learning to the young generation of learners. Our students , once again ,did us proud by excelling in various programmes. College Library got a facelift and eco friendly solar lights have been installed at ten different places on the campus. However, not all efforts are guaranteed to be rewarded in the way we expect or desire. Scheduled release of our research journal, Current Studies, was deferred. The much awaited Alumni Meet could not be held. But I'm positive that in the coming months we will continue this journey with elevated enthusiasm. For the editors I must say that it isn't where you come from; it's you're going that counts ... and you're ,for sure , going great guns ! Cheers !

Editors' Note

Dr. Richa

Dr. Naqui Ahmad John

Mr. Avinash Kumar

Dr. Surya Nath Singh

The month of May has been hot, humid and yet quite eventful. The Campus was thoroughly active. IQAC was constantly working regarding AQAR submissions of previous years and visionary planning of coming years. Exams were taking place peacefully but it had to face a sudden closure on account of a gruesome murder of a student of B.N. College. As editors, the most difficult part was to keep a track of all the activities. Exams and election duty, seminars and interactive sessions, academic paper presentations and creative open mic, advise from the governor and visits to the libraries, reconstitution of committees and endless events, Patna College never stopped. And here we are with the fifth issue of PC Vibes in all its dignity.
