Principal's Note

Prof. Sanjay Kumar Sinha
Principal

My greetings to all of you !

I feel very happy to speak to you through PC Vibes every month. The current issue, as always, documents the life on the campus.

The campus is abuzz with energy. Classes have begun and the college is committed to provide an ideal environment to the students to pursue their dreams. NAAC preparations are going on at decent pace. NCC enrolment has been made full capacity and the Office has been made functional. More than 200 saplings have been planted on the campus for a greener future. The College Library is enriched with books on the new curriculum and by the subscription of magazines and newspapers. The historic Seminar Hall, which hosted the first session of Bihar Legislative Council on January 20,1913, has also been rehabilitated .

I thank the faculty members and the members of the staff for their positive attitude, self belief and team work. Congratulations to the editors ! You have made PC Vibes a chapter of Patna College history!

Editors' Note

Dr. Richa

Dr. Naqui Ahmad John

Mr. Avinash Kumar

Dr. Surya Nath Singh

July is the beginning of a new academic session. It brings a fresh batch of students to the college. Induction meet was conducted for them. Course registration and master routine kept all teachers busy. Amidst this hum-drum of academic life, compiling, editing and publishing this newsletter kept us on heels. The editors have tried their best to include most of the important events and achievements. Omissions if any are inadvertent. Achievements are those of the college as an academic fraternity. We are trying our level best to reflect in this newsletter, the sincere efforts to restore the glory of Patna College. The college boasts of regular classes, timely exams, cultural and outreach activities. The students are our capital. We hope that this newsletter is appreciated by all stakeholders : students, teachers, guardians and the civil society.
